Archway Society to Build Community Support and Engagement

The Archway Board of Directors is pleased to announce the adoption of the Archway Society. The Archway Society is a membership of individuals, family, and corporate sponsors who value the preservation of history and education, and are committed to building friendships and memories at the Archway.

The Archway Society will establish a community of supporters and create opportunities for reoccurring giving to support Archway operations, improvements, and special events. Society sponsored events will include a Christmas tree lighting, Easter egg hunt, hayrack rides with pumpkin decorating, and more.

Phil Jossi, Chairman of the Archway Foundation Board, expressed the importance of the group stating “the Society is being led by a group of community and business volunteers with a passion for building not only monetary support for the Archway, but also establishing something the community can really be proud of.”

A Business After Hours kick-off event will be held at the Archway on August 13, 2014 from 5:00 to 7:00 p.m. This event will provide families, as well as community and business leaders, with an opportunity to learn more about becoming an Archway Society Member and the associated benefits, including the most enjoyable holiday events in central Nebraska.

For more information about the event and how to become a member of the Archway Society, contact Kelly Gentrup at the Kearney Area Chamber of Commerce 308-237-3101 or Kelsey Hemmann at the Economic Development Council of Buffalo County 308-237-9346.
