

THE ARCHWAY

The Archway serves as a gateway for visitors to Central Nebraska, attracting individuals from various regions and fostering both interest and economic growth within the local community.

- Since the year 2000, the Archway has been a symbol commemorating the pioneers who traversed the Great Platte River Road in Nebraska, contributing to the establishment of America.
- Numerous Nebraska students annually visit the Archway as a means of enhancing their knowledge and understanding of our state's history.

ARCHWAY SOCIETY

The Archway Society is dedicated to furthering our mission by exploring innovative methods of recounting the history of past pioneers and motivating present-day trailblazers.

The Archway Society helped to fund the Archway Mining Company, our hands-on exhibit, where Archway guests discover unique souvenirs and the Archway realizes enhanced earned income.
